PERSONAL STATEMENT

Driven by a passion for innovative technology and problem-solving, I thrived at Nova Computech in Addis Ababa as a Backend Developer. Leveraging expertise in MERN stack web development, and API development, I excelled in agile environments, significantly enhancing system efficiency and project delivery. My collaborative approach and ability to adapt to evolving software needs underscore my commitment to excellence in tech development.

EDUCATION

- **St. Mary's University (2021-2025)**   Bachelor's degree in Computer Science

WORK EXPERIENCE

Nova Computech, Addis Ababa, Ethiopia   **March 2024 - Present**

- Wrote well-designed, testable code.
- Implemented agile development practices across multiple projects, ensuring timely delivery   of high-quality solutions within budget constraints.
- Analyzed information to determine, recommend and plan installation of new system and modification of existing system.
- Analyzed user needs and software requirements to determine feasibility of design within time and cost constraints.

KEY SKILLS

HTML5 & CSS3 **|** JavaScript, PHP, C++, Java, C# **|** React, Node, Express **|** MySQL, MongoDB **|** Git, GitHub **|** API Design and Development
